

Can you *seed* the difference?

Visit your backyard or a local park. Choose a plant and draw it here. Label its parts. Write an essay describing the different parts of the plant and how it uses those parts to survive in its environment. Use some of the vocabulary terms in the box below.

Vocabulary

- Chlorophyll
- Cuticle
- Flowers
- Fruit
- Leaves
- Roots
- Seeds
- Stems
- Stomata
- Veins
